"Make sure you eat before you arrive on a busy night. Our torture began when we were told there would be a 30 minute wait for a table. An hour later we were sat, starving. There are three separate dining areas, and we were sat in center dining area. It was insanely loud! I mean deafening loud. We ordered the crab calis as an appetizer, as I mentioned after waiting an hour, we were starving. 30 minutes after being seated our chicken dinners arrived, the appetizer did not. **Now to be fair, it was THE BEST DAMN FRIED CHICKEN I HAD EVER HAD!** It was delicious and the crab calis that eventually made its way to our table was also delicious!

However, the torturous long wait, extremely loud dining room, and poor service ruined the otherwise delicious meal. I recommend getting carry out, or KFC, it's not as good but there is no water boarding."
